Since a board meeting seems out of the question for another month or six weeks, I have been trying to formulate an outline of what the future historical program should be. The attached is an initial draft which in appropriate form might be sent out over DDP signature to divisions and staffs. I would add to it a paragraph to the effect that guidance concerning implementation of the various aspects will be forthcoming from the CSHB.

Do you have any suggestions concerning the suggested projects, or the program itself?
